The following is information directly from the Michigan Townships Association  
Cindy Dodge, Member Information Liaison, Michigan Townships Association regarding public comments.  
“If someone gives public comment and ask that the board include their statement or letter in the minutes, the township board is not under obligation to do that. They are only required to allow the public to speak once at the public comment portion of the meeting. The board can accept a letter or statement if they want, but they should just accept it as general correspondence and retain it in compliance with the record retention schedule for general correspondence—NOT attached to the minutes as minutes are a permanent document and for sake of retention space, what goes in the minutes should be limited to what the open meeting act requires to be in the minutes which are: Name of Public Meeting, Date, Time and Place, Attendance, Public Comment Held, PH Hearing Comments if applicable, Actions of the Board.”

The following attendees spoke about the proposed Gotion battery component plant.
